DOCUSIGN, INC. (“Opposer” or “DocuSign”), a corporation organized and existing under the laws of Washington with a principal place of business at 1301 Second Avenue, Suite 2000, Seattle, Washington 98101, believes that it will be damaged by the issuance of a registration for the DOCUTRUST mark shown in Application Serial No. 79/137,658 for goods in Class 09, and hereby opposes the same.

As grounds for its opposition, Opposer alleges as follows, with knowledge concerning its own acts, and on information and belief as to all other matters:

1. Opposer is the global leader in the field of electronic signature and other transaction management solutions. Among other things, Opposer offers software and services allowing for the electronic signature of documents at any time and most anywhere in the world in a format that is completely secure, confidential and legally binding.

2. Since its founding in 2003, Opposer has extensively promoted, marketed, advertised, distributed, and sold its goods and services in connection with its distinctive

DOCUSIGN trademark and related DOCU-formative marks (collectively, the “DocuSign Marks”). These efforts have been extraordinarily successful. More than 48 million users have used Opposer’s goods and services to electronically sign hundreds of millions of documents in 188 countries, and each day more than 775,000 documents are signed through Opposer’s goods and services. Opposer’s customers include more than 120,000 companies, and more than 40,000 new unique users join Opposer’s global network every day.

3. As a testament to Opposer’s success, the Wall Street Journal in 2012 ranked Opposer sixth on its list of “New Big Things” (out of 5,900 companies considered), and consumers have enthusiastically embraced Opposer’s goods and services. Employees at 90% of Fortune 500 companies have used Opposer’s DOCUSIGN offerings, and Opposer’s goods and services are utilized by more than 600 insurance agencies, more than 700 credit unions, and by most of the top wealth management companies and insurance carriers in the United States. Opposer is the official digital signature provider to the one million members of the National Association of REALTORS, as well as to the 250,000 members of the Independent Insurance Agents and Brokers of America, Inc.

4. As a result of Opposer’s extensive advertising, promotion, and use of the DocuSign Marks in connection with its goods and services, the DocuSign Marks have acquired extensive goodwill, have achieved a significant level of fame and consumer recognition, and have come to be identified immediately with Opposer as the source of these goods and services.

5. Opposer is the owner of numerous United States registrations on the Principal Register for the DocuSign Marks:

Copies of the registration certificates and print-outs from the United States Patent and Trademark Office online database for the above-identified registrations are annexed as **Exhibit 1**.

6. The above-identified registrations are valid and in full force and effect. Indeed, affidavits have been filed and accepted pursuant to Sections 8 and 15 of the Lanham Act for Registration Nos. 2,845,169 and 2,939,871, rendering such registrations incontestable.

7. Notwithstanding Opposer's prior rights, and well after Opposer's DocuSign Marks became distinctive and/or famous, SECUFN, Inc. ("Applicant") filed on August 20, 2013 its Section 66(a) Application, Serial No. 79/137,658 to register DOCUTRUST ("Applicant's Mark") for "operating system programs" in International Class 09 (the "Applicant's Goods"):

8. Opposer is timely filing this Notice of Opposition.

9. There is no issue as to priority. Opposer began using the DocuSign Marks in commerce at least as early as 2003, well prior to the June 20, 2013 priority application date claimed in Applicant's application.

10. Consumers encountering Applicant's Mark, particularly in connection with Applicant's Goods, are likely to associate the mark with Opposer. Specifically, the first half and

most prominent portion of Applicant's Mark is identical to the first half of Opposer's famous DocuSign Marks. The second half of Applicant's Mark—"TRUST"—only exacerbates the likelihood of confusion by connoting the type of safe, secure and legally binding transactions offered by Opposer under its DocuSign Marks.

11. Further, Applicant's Goods are highly related and/or complementary to the goods and services Opposer has long offered and provided in connection with the DocuSign Marks, and for which Opposer owns registrations of the DocuSign Marks. Specifically, Applicant's Goods are "operating system programs." As shown above, Opposer owns registrations of the DocuSign Marks for computer software for use with electronic data verification; computer application software for mobile devices for use in electronic document and message transmission; computer e-commerce software for electronic business transactions; and numerous other computer- and website-related services involving, among other things, the storage and verification of electronic data.

12. Opposer will be damaged by the registration of Applicant's Mark because Applicant's Mark so closely resembles the DocuSign Marks as to be likely to cause confusion, mistake, or deception in the minds of consumers as to the origin or source of Applicant's Goods or the affiliation between Applicant and Opposer in violation of Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d). Furthermore, any objection complained of in connection with Applicant's Goods marketed under Applicant's Mark would necessarily reflect upon and seriously injure the reputation that Opposer has established for its goods and services.

13. If Applicant is granted the registration herein opposed, it would thereby obtain a *prima facie* exclusive right to the use of Applicant's Mark in connection with Applicant's Goods. Such registration would be a source of damage and injury to Opposer.

WHEREFORE, Opposer requests that this opposition be sustained and that the registration of Application Serial No. 79/137,658 in connection with Applicant's Goods be denied.

The opposition fee in the amount of \$300.00 for an opposition in one class is filed herewith. If for any reason this amount is insufficient, it is requested that Opposer's attorneys' Deposit Account No. 20-1430 be charged with any deficiency. This paper is filed electronically.
